Professional Summary

Results-driven Data Analyst with BCA degree and specialized training in Data Science. Proficient in Python, SQL, and data analysis tools with proven ability to extract actionable insights from complex datasets. Combines technical expertise with strong communication skills developed through 2+ years of teaching experience. Passionate about leveraging data-driven solutions to solve business challenges and drive organizational growth.

Technical Skills

Programming: Python, SQL, C#

Data Analysis: Pandas, NumPy, Data Visualization, Statistical Analysis

Tools & Technologies: Excel, MS Office Suite, Tally ERP, Database Management

Machine Learning: Supervised Learning, Model Evaluation (Beginner Level)

Soft Skills: Problem Solving, Logical Thinking, Communication, Teaching & Mentoring

Education

SSC Passout from Nagpur University Year 2020– with 79.40%

HSC Passout from Nagpur University Year 2022 – with 78.60%

 Gondwana University Gadchiroli
Bachelor of Computer Applications (BCA) Passout From Sardar patel college Chandrapur *2025*
Specialization: Software Development & Programming

Self-Learning & Online Courses
Data Science Specialization Present
Focus Areas: Machine Learning, Statistical Analysis, Data Visualization

Professional Experience

Moharsh Computer Education   **Chandrapur,   Maharashtra**
Teaching Specialist & Computer Instructor   *May 2020 – June 2022* ○
Instructed 100+ students in Tally ERP and MS-CIT courses, achieving 95% student satisfaction rate
○ Developed comprehensive curriculum materials and hands-on training modules for computer applications ○ Mentored students in developing practical skills for real-world business applications
○ Demonstrated strong ability to explain complex technical concepts in simple, understandable terms ○ Enhanced presentation and communication skills through daily classroom instruction

Moharsh Computer Education   **Chandrapur, Maharashtra**
Computer Operator   *April 2020 – June 2022*
○ Managed daily computer operations and provided technical support to staff and students ○ Maintained database systems and ensured data accuracy and integrity
○ Assisted in administrative tasks including data entry, documentation, and report generation ○ Troubleshot hardware and software issues, improving system efficiency

Projects & Achievements

Data Analysis Projects: Building portfolio of data science projects using Python and SQL to demonstrate analytical capabilities and problem-solving skills

Portfolio Website: Created professional portfolio website showcasing technical skills, projects, and achievements

Teaching Impact: Successfully trained 100+ students in computer applications with high satisfaction and placement rates

Professional Development

Actively pursuing Data Science certification and completing hands-on projects

Continuous learner staying updated with latest trends in data analytics and machine learning Strong

foundation in statistical thinking and data-driven decision making
